## *How the wines were judged*

### **Where the wines in the show come from**

The Australian Inland Wine Show focuses on wines predominately made from grapes grown in the largest grape growing areas in Australia.

All the wines that you will taste at the Australian Inland Wine Show contain at least 85% of grapes sourced from any of the following areas: the Victorian and New South Wales sides of the Murray River from Kangaroo Lake, Swan Hill, Wemen, Robinvale/Euston, Sunraysia and the South Australian Riverland from Renmark to Waikerie; the lower Darling River from Wentworth to Menindee; and the MIA, based around Darlington Point, Griffith and Leeton.

Section 7, the large volume class, consists of entries that contain at least 60% of grapes sourced from the areas above.

### **The class system**

Entries are placed in one of nine sections, based on vintage (year of production), volume produced or wine style. Each section is further divided into classes, each of which has a common variety or blend of varieties or common wine style.

### **How the wines are judged**

The results that you see in this catalogue are very fresh; judging occurred just two weeks ago.

There were two separate panels of judges, each consisting of three judges and two associate judges. The judges have full "voting rights"; the associate judges score each wine but their scores are not included in the point scores that you see in this catalogue. The judges and associate judges individually assess each wine in the class. Once a class of wines has been assessed, the judges and associate judges sit down and discuss their opinions and scores on each wine.

The Chairman of the Panel of Judges (Chris Killeen) ensures that the judging process flows smoothly. He adjudicates in cases of split decisions, where judges on the same panel may have slight differences of opinion in the way they allocate points for a particular wine. This is particularly important where gold or silver medals are awarded.

### **Awarding points to each wine**

Every wine entered into the show is awarded points. The three full judges in each panel score each wine out of 20. Typically, they score out of 3 for colour, out of 7 for bouquet and out of 10 for palate. In scoring each wine, the judges also consider how well the wine fits into its class. For instance, in other words, each judge scores each wine out of 20.

Once a class has been judged, the scores of the three full judges in each panel are added up. The points that you see in the catalogue are therefore wine scores out of 60.

*Gold medal wines score 55.5 points or more.*

*Silver medals are awarded to wines that score 51.0 to 55.0 points.*

*Bronze medals are awarded to wines that score 46.5 to 50.5 points.*

*Very Highly Commended wines score 55.5 points or more but are unavailable commercially.*

*Highly Commended are wines that score between 51.0 to 55.0 points but are not commercially available.*

*Commended are wines that score between 46.5 to 50.5 points but are not commercially available.*

## *A message from the Chairman of the Committee*

The Australian Inland Wine Show continues to showcase some of Australia's best Inland Wines.

This year's standard has increased, as shown by the number of medal winning entries.

Entry numbers were down by 18% but winery participation increased by 10%. However 40% of all entries this year gained a medal.

I congratulate the wine grape growers and wine makers for lifting the standard once again. The trophy and medal winners I hope will continue to support the Inland Wine Show.

Our sponsors, many who are here tonight, have again supported our wine show. My sincere thanks to each and everyone of you.

I trust you will all join with me to thank the committee for a lot of work over the last months to make the wine show possible.

And finally to all our visitors to Swan Hill. Thanks for coming and enjoy the weekend.

John Ward  
Chairman

---

## *Chairman of Judges Report*

Another successful Inland Wine Show has been completed with once again an increase in new wineries submitting their wines for judging. The general standard was higher than last year with 22 Golds, 43 Silvers and 151 Bronze medals being awarded.

Strong classes were the 2003 and 2002 Shiraz and the over 3 Baume sweet white. Petit Verdot and Durif had significantly more entries this year and their high quality was evident by the significant number of Gold and Silver medals awarded to these two varieties. A testimony to the great suitability and potential for these varieties in the Inland Vineyard regions of Australia.

The younger dry white classes were stronger than last year and presented well with good standard of winemaking and fruit quality. Particularly pleasing was the high standard in the large volume classes with a number of Silver medals being awarded. To those companies and winemakers of these wines go my congratulations.

My thanks go to the other judges for donating their valuable time and assistance and my thanks also to the hard working Wine Show Committee for running another successful show.

Chris Killeen
