How the wines were judged

Where the wines in the show come from

The Australian Inland Wine Show focuses on wines predominately made from grapes grown in the largest grape growing areas in Australia.

All the wines that you will taste at the Australian Inland Wine Show contain at least 85% of grapes sourced from any of the following areas: the Victorian and New South Wales sides of the Murray River from Kangaroo Lake, Swan Hill, Wemen, Robinvale/Euston, Sunraysia and the South Australian Riverland from Renmark to Waikerie; the lower Darling River from Wentworth to Menindee; and the MIA, based around Darlington Point, Griffith and Leeton.

Section 7, the large volume class, consists of entries that contain at least 60% of grapes sourced from the areas above.

The class system

Entries are placed in one of nine sections, based on vintage (year of production), volume produced or wine style. Each section is further divided into classes, each of which has a common variety or blend of varieties or common wine style.

How the wines are judged

The results that you see in this catalogue are very fresh; judging occurred just two weeks ago.

There were two separate panels of judges, each consisting of three judges and two associate judges. The judges have full "voting rights"; the associate judges score each wine but their scores are not included in the point scores that you see in this catalogue. The judges and associate judges individually assess each wine in the class. Once a class of wines has been assessed, the judges and associate judges sit down and discuss their opinions and scores on each wine.

The Chairman of the Panel of Judges (Chris Killeen) ensures that the judging process flows smoothly. He adjudicates in cases of split decisions, where judges on the same panel may have slight differences of opinion in the way they allocate points for a particular wine. This is particularly important where gold or silver medals are awarded.

Awarding points to each wine

Every wine entered into the show is awarded points. The three full judges in each panel score each wine out of 20. Typically, they score out of 3 for colour, out of 7 for bouquet and out of 10 for palate. In scoring each wine, the judges also consider how well the wine fits into its class. For instance, in other words, each judge scores each wine out of 20.

Once a class has been judged, the scores of the three full judges in each panel are added up. The points that you see in the catalogue are therefore wine scores out of 60.

Gold medal wines score 55.5 points or more.

Silver medals are awarded to wines that score 51.0 to 55.0 points.

Bronze medals are awarded to wines that score 46.5 to 50.5 points.

Very Highly Commended wines score 55.5 points or more but are unavailable commercially.

Highly Commended are wines that score between 51.0 to 55.0 points but are not commercially available.

Commended are wines that score between 46.5 to 50.5 points but are not commercially available.

A message from the Chairman of the Committee

Australia's best Inland Wines were presented and displayed over this weekend at the 24th Australian Inland Wine Show.

The excellent 2002 vintage was not carried through to the 2003 vintage as weather conditions affected the grape quality. This was reflected in the wines at this year's show. Numbers of medal winners decreased slightly, however some very good wines have been judged accordingly.

Numbers were up with a total of 610 entries which gives the committee great heart for the continuing success of one Australia's premier regional wine show.

The wine industry is very strong and buoyant and I congratulate growers and winemakers for their presentation.

My sincere thanks to all our sponsors for encouraging us by supporting our wine show again.

To the committee of hard workers I extend my gratitude and to each visitor thank you for coming to Swan Hill.

John Ward
Chairman

Chairman of Judges Report

2004 saw the completion of the 23rd Inland Wine Show which continues to improve and provide an excellent forum for inland wineries to present and promote their wines to the public. Considering that the wines entered in this show represent, in volume, the majority of wine sold in Australia and overseas, its importance and significance to the industry is obvious.

This year's show saw an increase in entries with 14 Gold, 24 Silver and 166 Bronze medals being awarded from 610 exhibits.

Quality of wines this year was generally good with the sweet white table wine classes being of very high quality. Red wine quality was generally good with the highlights being shiraz, petit verdot and durif, the latter's large increase in entries probably demanding its own class at next year's show. While chardonnay was a little disappointing this year a rising star in the white wine arena must be viognier with a number of very good wines being exhibited while some stunning fortified muscats and sweet whites rounded off the better wines of the show.

My thanks go to the other judges for devoting their valuable time and assistance and my thanks also to the hard working wine show committee for running another successful show.

Chris Killeen

Trophy Winners

Best Large Volume 45,000 litres

Toorak Wines
