A message from the Chairman of the Committee

I wish to acknowledge the valuable support provided by our sponsors, without it we would not be in a position to keep moving forward with new concepts and ideas.

The quality of wines entered this year was excellent with a very large number of medals awarded.

We continue to audit wines entered to ensure that they comply with the regulations of this show.

The quality of entries in the organic wine classes led us to introduce for the first time a "Best of Category Award" for the organic wine section.

We are grateful to have Simon Killeen available to present the Chris Killeen Memorial Trophy for the best fortified wine of the show.

I would like to thank our Chief Judge David Morris for his valuable support and dedication in ensuring that wines entered are judged by the best possible judges available. All six Judges and six Associate Judges were great to work with and we thank them for their assistance.

As different to many wine shows this year our entry numbers were up and we thank the wineries that continue to support this show. We are constantly looking at ways to best represent this ever changing wine industry as it continues to evolve.

A new concept this year is to provide wineries with judge's comments on each of their entries.

I must thank our hard working committee and supporters for their tireless efforts in producing the 2007 Australian Inland Wine Show.

Colin Free
Chairman

Chairman of Judges Report

Another successful Australian Inland Wine Show judging has been completed and this year there was an increase in the number of entries to judge. The general standard was higher with more entries receiving medals, but at the highest level there were not as many wines receiving Gold this year which probably reflects the difficult and very warm vintages of 2006 and 2007.

The strongest classes of the show were the Sweet White exceeding 3.0 baume where 4 Gold were awarded. In other white classes the Chardonnay classes were strong and there was an excellent Sauvignon Blanc from 2007 - a great achievement for such a warm and difficult year for aromatic whites.

As in previous shows the Durif and Shiraz sections had very good examples exhibited, otherwise most of the other red varieties entered were disappointing.

The Fortified classes were not as strong as previous years but there was one excellent Muscat entry gaining a Gold medal.

To all the award wines I offer my congratulations and for those not so lucky continue to strive for the required freshness and fruit flavour to achieve medal status.

Finally I would like to thank the judges for their valuable time and assistance, as well as the Wine Show Committee and stewards for their diligent work in running another successful Wine Show.

How the wines were judged

Where the wines in the show come from

The Australian Inland Wine Show focuses on wines predominately made from grapes grown in the largest grape growing areas in Australia.

All the wines that you will taste at the Australian Inland Wine Show contain at least 85% of grapes sourced from any of the following areas: the Victorian and New South Wales sides of the Murray River from Kangaroo Lake, Swan Hill, Wemen, Robinvale/Euston, Sunraysia and the South Australian Riverland from Renmark to Waikerie; the lower Darling River from Wentworth to Menindee; and the MIA, based around Darlington Point, Griffith and Leeton.

Section 7, the large volume class, consists of entries that contain at least 60% of grapes sourced from the areas above.

The class system

Entries are placed in one of nine sections, based on vintage (year of production), volume produced or wine style. Each section is further divided into classes, each of which has a common variety or blend of varieties or common wine style.

How the wines are judged

The results that you see in this catalogue are very fresh; judging occurred just three weeks ago.

There were two separate panels of judges, each consisting of three judges and three associate judges. The judges have full "voting rights"; the associate judges score each wine but their scores are not included in the point scores that you see in this catalogue. The judges and associate judges individually assess each wine in the class. Once a class of wines has been assessed, the judges and associate judges sit down and discuss their opinions and scores on each wine.

The Chairman of the Panel of Judges (David Morris) ensures that the judging process flows smoothly. He adjudicates in cases of split decisions, where judges on the same panel may have slight differences of opinion in the way they allocate points for a particular wine. This is particularly important where gold or silver medals are awarded.

Awarding points to each wine

Every wine entered into the show is awarded points. The three full judges in each panel score each wine out of 20. Typically, they score out of 3 for colour, out of 7 for bouquet and out of 10 for palate. In scoring each wine, the judges also consider how well the wine fits into its class.

Once a class has been judged, the scores of the three full judges in each panel are added up. The points that you see in the catalogue are therefore wine scores out of 60.

Gold medal wines score 55.5 points or more.

Silver medals are awarded to wines that score 51.0 to 55.0 points.

Bronze medals are awarded to wines that score 46.5 to 50.5 points.

Very Highly Commended wines score 55.5 points or more but are unavailable commercially.

Highly Commended are wines that score between 51.0 to 55.0 points but are not commercially available.

Commended are wines that score between 46.5 to 50.5 points but are not commercially available.

Abbreviations used in this catalogue are as follows:

G - Gold | S - Silver | B - Bronze

VHC - Very Highly Commended | HC - Highly Commended | C - Commended
