Most Successful Exhibitor

A message from the Chairman of the Committee

It is always during tough times that the mettle of people is shown, and this mettle was certainly exhibited this year by our Committee. Despite being smaller in number, the Committee never the less has had to work just as hard to produce a show of outstanding results and I must acknowledge their support and dedication over the past 12 months.

Even though entries were down, the quality of those same entries were up - which is a testament to the quality exhibited and the standards kept by all wineries that entered. This certainly gave our Judges a challenge when it came down to deciding on the trophy winners.

With 14 Gold medal winners, 20 Silver medal winners and 103 Bronze medal winners coming from a smaller pool of entries, it is encouraging that the entrants have put their best foot forward when it came to the selecting wines for judging.

My thanks also goes to the Judges who have once again given a fair and in-depth assessment of each and every entry. A tough job, especially when it comes down to awarding a trophy and certainly not one to be envied. Also thanks goes to our Stewards who worked tirelessly during the Judging weekend, to keep entries flowing to the Judges.

I look forward to the year ahead and it's challenges.

Roger Day
Chairman

Chairman of Judges Report

Another successful Australian Inland Wine Show has been completed and this year there was a slight decrease in the number of entries to judge. This may be attributable to the very low cropping year of 2007 and 2008 as a result of the lower water availability. The overall standard of the show was very good, with a high level of wines reaching medal standard.

In the white classes the Chardonnay classes were good and 2 Golds were awarded and the Sweet White Table Wine classes were exceptionally strong where 4 Gold medals were awarded. The other white classes had many solid commercial wines picking up medals and the award wines displayed the desired fruit freshness required.

As in previous shows the Durif and Shiraz classes were the strength of the Red section and show their suitability to the areas covered by the show.

The Rosé section was stronger than usual, with one Gold medal given to a great example of a dry Rosé style.

The fortified section was not as strong as usual across the classes but there were still some great examples at the top end with 3 Golds given.

I would like to congratulate all the trophy and award winners for their efforts and encourage others to strive for fruit freshness and flavour profile to achieve medal status.

Finally, I would like to thank the judges for their valuable time and assistance as well as the Wine Show Committee and stewards for their hospitality and their diligent work in running another successful Australian Inland Wine Show.

How the wines were judged

Where the wines in the show come from

The Australian Inland Wine Show focuses on wines predominately made from grapes grown in the largest grape growing areas in Australia.

All the wines that you will taste at the Australian Inland Wine Show contain at least 85% of grapes sourced from any of the following areas: the Victorian and New South Wales sides of the Murray River from Kangaroo Lake, Swan Hill, Wemen, Robinvale/Euston, Sunraysia and the South Australian Riverland from Renmark to Waikerie; the lower Darling River from Wentworth to Menindee; and the MIA, based around Darlington Point, Griffith and Leeton.

The class system

Entries are placed in one of nine sections, based on vintage (year of production), volume produced or wine style. Each section is further divided into classes, each of which has a common variety or blend of varieties or common wine style.

How the wines are judged

The results that you see in this catalogue are very fresh; judging occurred just two weeks ago.

There were two separate panels of judges, each consisting of three judges and three associate judges. The judges have full "voting rights"; the associate judges score each wine but their scores are not included in the point scores that you see in this catalogue. The judges and associate judges individually assess each wine in the class. Once a class of wines has been assessed, the judges and associate judges sit down and discuss their opinions and scores on each wine.

The Chairman of the Panel of Judges (David Morris) ensures that the judging process flows smoothly. He adjudicates in cases of split decisions, where judges on the same panel may have slight differences of opinion in the way they allocate points for a particular wine. This is particularly important where gold or silver medals are awarded.

Awarding points to each wine

Every wine entered into the show is awarded points. The three full judges in each panel score each wine out of 20. Typically, they score out of 3 for colour, out of 7 for bouquet and out of 10 for palate. In scoring each wine, the judges also consider how well the wine fits into its class.

Once a class has been judged, the scores of the three full judges in each panel are added up. The points that you see in the catalogue are therefore wine scores out of 60.

Gold medal wines score 55.5 points or more.

Silver medals are awarded to wines that score 51.0 to 55.0 points.

Bronze medals are awarded to wines that score 46.5 to 50.5 points.

Very Highly Commended wines score 55.5 points or more but are unavailable commercially.

Highly Commended are wines that score between 51.0 to 55.0 points but are not commercially available.

Commended are wines that score between 46.5 to 50.5 points but are not commercially available.

Abbreviations used in this catalogue are as follows:

G - Gold | **S** - Silver | **B** - Bronze

VHC - Very Highly Commended | **HC** - Highly Commended | **C** - Commended
